

About Us:

Aging Together As Community was created in 2022 out of a combined vision by the Haliburton Highlands LTC Coalition and David Barnes of Barnes Management, a local cottager. They were committed to ensure that Haliburton County residents could share their thoughts, be heard and create solutions to issues that matter as they age.

Our Vision:

Members of the Haliburton County community can age with the dignity and supports that we would want for ourselves and our loved ones.

“There is no power for change greater than a community discovering what it cares about.”
Margaret Wheatley

A non-profit community organization building a shared vision of care for older residents in the Haliburton Highlands from an intergenerational and inclusive perspective.

COMMUNITY CONSULTATION

Through a series of community conversations, we realized how important our discussions about aging are in Haliburton County. Most people's goal is to live in their own home and be as independent as possible but they need supports and community to do so.
